World Cleanup Day

BRIEF DESCRIPTION

The World Cleanup Day 2026 represents the opportunity for youth across the globe to organize a cleanup in their region and achieve a positive impact in their community.

During this day, we will organize and carry out cleanups across the world through our crews and partner organizations.

BEFORE THE EVENT

Before the day of the cleanup, we recommend to take the following steps:

1. Register for the event through the survey:
   🌐 2026 World Cleanup Day - Earth Guardians
2. Notify local authorities and waste management about the event
3. Communicate to your crew members and other community members about the event, the location, and time through WhatsApp, social media, and community gatherings
4. Gather the necessary material for the day and forecasted number of participants, including trash bags, trash pickers, gloves, water (depending on the weather, let participants know to wear / bring sunscreen, umbrellas, rain coats)

DURING THE EVENT

During the event, we recommend being aware of the following topics:

- Welcome all the participants and explain the purpose of day
- Make sure to explain safety rules and ensure everyone has received the necessary equipment
- Wish everyone a lot of fun
- Take pictures and videos
- Keep track of the impact of the event: number of trash bags, area of cleaned-up area, and surprising pieces of trash

AFTER THE EVENT

After the event, we recommend to take the following steps:

1. Recycle or send the trash bags to the correct waste management facility
2. Send a thank you note to all participants through WhatsApp and social media
3. Share pictures / videos and impact of the event on social media **using the hashtag #wipeupthewaste**
4. Report the impact of the event through this form: https://forms.gle/z9xcyuZhk23TnRs19
